Welcome to the Home of the 1994 USA Hockey National Championships!

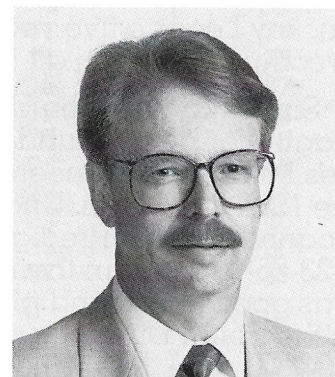

It is an honor for me, the Board of Directors and the Buccaneers to join you, Des Moines, in hosting the 1994 USA Hockey National Tournament next April.

As we look ahead to this season, we hope to match and surpass the great success we enjoyed last season. The season will naturally be geared toward the April championships, which we are pleased to host right here at the Metro Ice Sports Arena. From the first pre-season game through the final championship round, be assured that every member of our hockey club will do everything we can to make your experiences at our arena as pleasant and exciting as possible.

The recent success of our franchise goes beyond the play of the team on the ice. It is embedded in the heart of this great community. Coach Bob Ferguson has brought us not only outstanding hockey players, but fine young men with a strong sense of scholar-

ship and citizenship. We can be proud of our team for who they are, as well as what they've done.

Thanks for coming to tonight's game. I hope to see you right here in April for this season's thrilling battle for USA Hockey's National Championship.

Ellis Moose, III
President

The History of the Bucs in the United States Hockey League

The USHL can trace its origins back to the Midwest Junior Hockey League that was formed in 1972. It merged with the old U.S. Hockey League five years later, and returned to competition with all juniors in 1979.

Since that time the USHL has been a league for players under the age of 20. The Des Moines Buccaneers joined the league for the 1980-81 season. Under the guidance of Coach/GM Ivan Prediger, the Bucs compiled a 23-25-0 record in their first season, which was good for second place behind Dubuque in the South Division.

Prediger led the team until November 1984, when former Bucs standout Jeff Ulrich filled in as interim coach for several weeks until Jim Wiley took over the helm of the Bucs' ship in December. The team struggled through rough waters that season, winning just seven games, until 1986-87 when they sailed to 23 wins.

Prior to the 1990-91 season, Wiley left the Buccaneers. He begins this season as head coach for the Kansas City Blades in the San Jose Sharks organization.

Bob Ferguson, who spent nine years with the Musketeers in Sioux City, took over the team in the summer of 1990. For three consecutive years, he has led the Bucs to second-place regular season finishes.

In 1991-92, he became the first coach to lead two different teams to the national title when the Buccaneers defeated Detroit Compuware on Easter Sunday.

Last season the Bucs fell to Dubuque in the semi-final round of the USHL playoffs. Their solid season qualified them for a trip to Indianapolis for the nationals, where they won three straight games before dropping a 3-2 overtime loss to Kalamazoo in the semi-final round on Saturday, April 10.

Des Moines will host the National Tournament in April 1994, which will mark their third consecutive appearance in the tournament.

Dear USHL Fan:

On behalf of the entire United States Hockey League, allow me to extend to you a warm welcome to this evening competition.

Hockey continues to be the most exciting, hard hitting, fast moving competitive sport in North America. USHL competition, tonight and throughout the season, continues to be the best entertainment sports value in the Midwestern sports market, on either side of the boarder.

The USHL ... competitive excellence ... commitment to education ... involved in community ... rich in tradition! These phrases, as you will observe them on banners throughout USHL arenas this year, characterize the essence of what the USHL is all about. Footnoting our claims are eight consecutive U.S. National Championships; two Canadian National Championships in the past five years; and career advancement by our players, coaches and referees. Just within this past year, the National Hockey League, selected one of our players in the first round of its annual draft, selected one of our former coaches as the head coach of one of its teams, and selected one of our former officials as a full-time, on-ice official. The success that our record demonstrates is the result of the hardwork of your local franchise and all the other franchises in the United States Hockey League. The end result, of course, is that we are privileged to present to you, annually, the finest competition at this age level in North America.

In addition, we have the greatest fans in North America! You as a fan can also be a contributor to the continuation and improvement of our outstanding tradition. You, the fan, can, and do, make a difference! Your positive support of your players, coaches and team, both on and off the ice, and will, significantly assist all of us to maintain the high caliber of competition that we enjoy in our League.

Please -- be a "good host!" Tonight, spend a little extra time and effort to extend a warm United States Hockey League welcome to the visiting team and fans in your arena. Your support, both now and in the past, makes it possible for all of us to sit back and enjoy Junior "A" hockey at its finest -- USHL style.

Yours In Hockey,

UNITED STATES HOCKEY LEAGUE

3 Jason Wensloff

Defense
6'2" 195 lbs. 9-7-73
Roseau, MN

Coach Ferguson is expecting Jason to be the rock on which he builds his stone-wall defense this year. Jason is playing his second season in Des Moines, his experience gain at last season's National Tournament will be valuable throughout the year.

5 Pat Brownlee

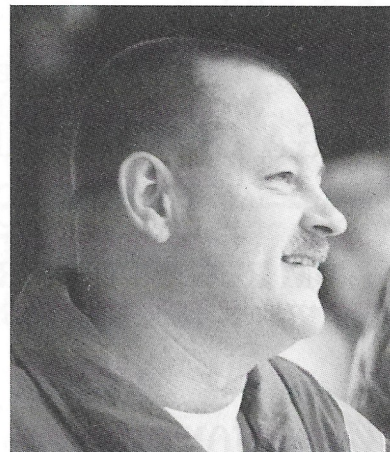

Defense
6'0" 200 lbs. 3-10-75
Minneapolis, MN

Pat is a rookie in the USHL, but don't expect him to play like one. He has gained much experience in his career playing against some of the best competition in the country. He was a standout defenseman for Team Minnesota at the Chicago Showcase in '93.

Team Physician William Boulden, M.D.

"Doc" Boulden's medical background is extensive and his involvement in Des Moines hockey is wide reaching. He obtained a B.S. degree in Pharmacy at Iowa University in 1969 and his medical degree in 1973. After serving his residencies at the Medical College of Wisconsin and the University of Nebraska, he hung out his private practice shingle in Des Moines in November, 1977.

Bill, his wife Diane and their three children are active amateur hockey supporters. Doc has served on many hockey boards around the Metro Ice Sports Arena through the years. Also, he is currently treasurer on the Buccaneer Board of Directors.

BUCCANEER PLAYER AWARDS

Eric Rud receives the first of his two awards from Buccaneer President Ellis Moose.

THE STANDARD TROPHY

To The Most Valuable Player

Sponsored by Standard Distributing Company

This award is highly coveted by the players because it is voted by their teammates. It adds the recipient's on-ice performance with on-and-off-ice leadership. Last season the honor was awarded to standout defenseman and team captain, **Eric Rud**.

THE LANDMARK TROPHY

To The Most Popular Player

Sponsored by Landmark Inn

Presented to the fans' choice, as their favorite player to watch, this trophy always goes to an exciting hockey player. Last season's winner was **Eric Rud**.

CURT HAMMER AWARD

To The Team's Leading Scorer

This tribute was established to recognize the outstanding contribution of Curt Hammer, a great friend of Des Moines hockey. Each year it goes to the player who leads the Bucs in total points, that is, both goals and assists. Last season the scrappy **Bob Clouston** was the Buccaneers' team leader.

ZALES AWARD

For Contribution To The Des Moines Metropolitan Area
Sponsored by Zales Jewelers

In 1992-93 **Bob Clouston**, in addition to having an outstanding offensive season for the Bucs, found time to devote many hours to civic projects in the Des Moines area. He initiated the players' own Buc charity raffle which benefited a different group each home game.

Here's what those six players are doing out there...

It's organized mayhem, but each has a distinct job to do.

The Goalie

The goalkeeper's main responsibility is to keep the puck from entering his goal. There are no restrictions placed on the methods he may employ to accomplish this. He can contribute to his team's offense by passing the puck to a teammate to start a rush up the ice. Occasionally a goalie will receive credit for an assist when that rush leads to a goal by his team. Goalies are limited to handling the puck in their own half of the ice and may not touch it once they cross the red line. (An example would be when he is headed for his bench after a delayed penalty has been signaled on the other team.)

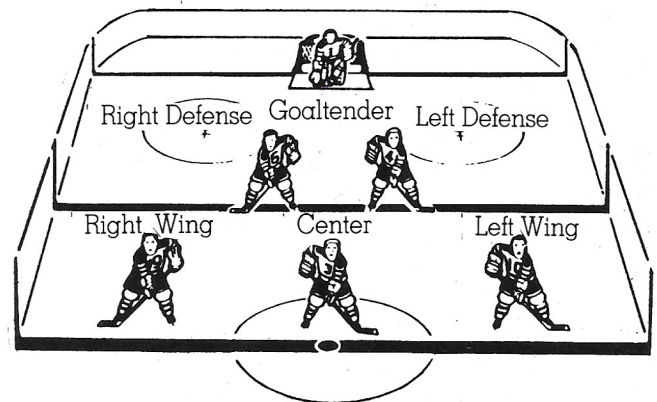

The Defensemen

In their defensive end, the two defensemen try to turn back the incoming play at their own blue line before their opponents can bring it into their defending zone. When the puck does enter their zone, the "D" guard the opposing forwards, block shots, clear rebounds from in front of their goal, steal the puck and pass to their own forwards who lead a "break out" up ice toward their opponent's goal. Offensively, the defensemen can carry the puck or pass to an open forward. It is a defensive player's responsibility to guard the "point" in the offensive end and keep the puck from coming out of the attacking zone.

Often on a power play, a big defenseman will rotate to a position in front of the enemy goalie to disrupt the normal defensive play of the short-handed team.

The Forwards

These are the guys who generally carry the puck up ice to attack the opponent's goal. They are usually, but not always, smaller and quicker than the defensemen. The Center plays between the Right and Left Wingers as play begins. Today's style

of play finds the forwards in constant motion as they skate to find open ice to receive a pass from their teammates. However, Wingers generally skate up and down their side of the rink and must have the courage to go into the offensive corners and challenge bigger, stronger defensemen for the puck. Centers are the ones who line up to take the face-off, and for the most part try to control center lane of the rink. They are considered the quarterback of their line (three forwards are usually teamed up as a "line" together).

Specialty Players

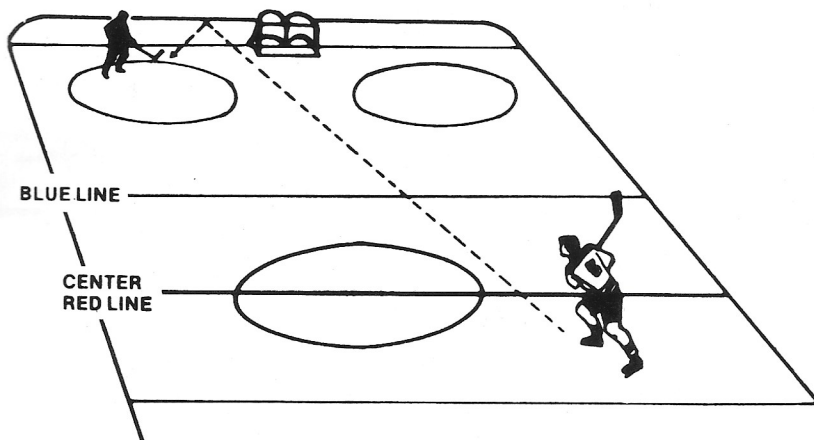

When a team has to skate short-handed due to a penalty, or has a power-play situation in their favor, the coach will often put a player in a position that he normally would not play if the teams were at even strength. The idea is to make the best use of a player's individual strength. For example, when playing short-handed there is no center, so a coach may play his two most agile, defensive-minded forwards, without regard to their ability to shoot the puck. He is looking to keep the opponent from scoring, not scoring himself until the penalty is "killed." When on a power play, many times a good play-making forward will handle one point as a defenseman moves in front of the goalie, thus upsetting the other team's defensive balance and creating an opening to attack the net and score.

Hockey's Three Main Rules...

Learn these rules and you will know the principles that control the flow of the game.

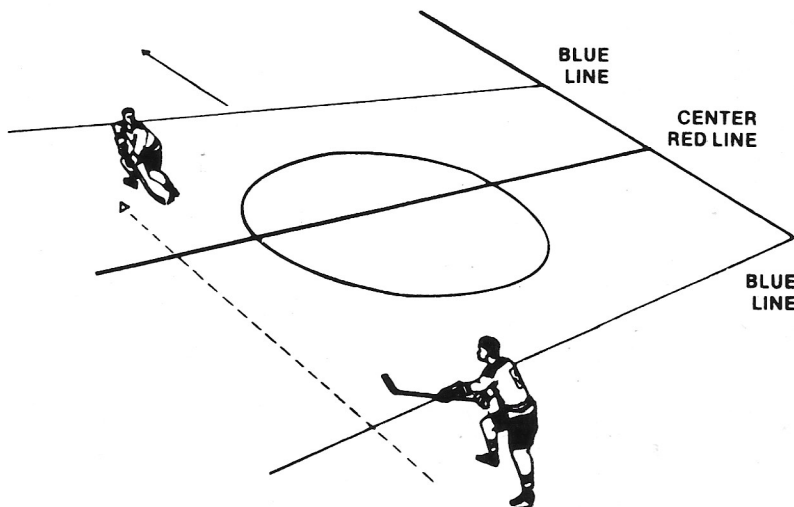

Icing the puck

Icing occurs when a player shoots the puck from his defending side of the red line, across the goal line of his opponent (but not through any part of the goal crease) and it is then touched first by a defending player. When icing occurs the linesmen stop play and the puck is moved to the offending team's end of the ice for a face-off. Icing is not called (waved off) when the goalie plays the puck, or in the opinion of the up-ice linesman, a defending player could have played the puck before it crossed the goal line.

Offside

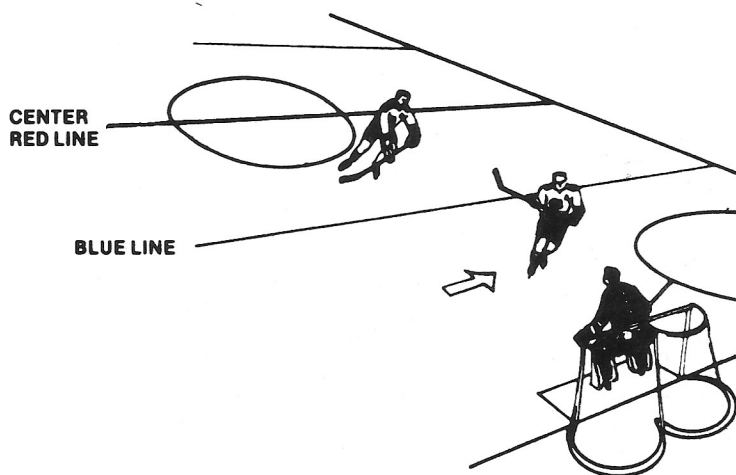

A team is offside when any member of the attacking team precedes the puck across the defending team's blue line. The position of the player's skates and not his body or stick is the determining factor. If both skates are across the blue line before the puck, he is offside. If one skate is across and the other is on or behind the blue line, he is not offside.

Offside pass

When a player passes the puck from his defending zone to a teammate beyond the center red line (thus crossing the blue and red lines) it is an offside pass. The position of the puck, not the players' skates in this case, determines from which zone the pass was made.

These three rules have the primary purpose of requiring teams to control possession of the puck through skating skills, stick handling and short passes, as they move from their defending zone up ice to attack their opponent's goal.

Bob Ferguson leads the Bucs toward another successful season...

Bob Ferguson returns for his fourth season behind the Buccaneers' bench.

Bob led the team to its third consecutive second-place regular-season finish last year. The Bucs high placement earned them a berth in the National Tournament last April in Indianapolis. After having survived ten straight overtime games without a loss, the team's luck finally ran out when Kalamazoo scored a 3-2 overtime victory in the semifinal round at the National Tournament.

Bob is originally from Kingston, Ontario, where he enjoyed hockey success at an early age (his father, Lorne, was an 11-year veteran of the NHL). Bob played Major Junior "A" for the Oshawa Generals and Cornwall Royals before being drafted by the New York Islanders.

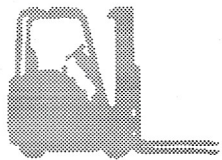

After playing professional hockey for seven years, he began his coaching career with the Sioux City Musketeers in 1980. During his nine seasons there, Bob's teams won two USHL Championships and two Playoff Championships and made four National Tournament appearances, culminating with the National Championship in 1986.

This past summer Bob scoured the country for the talent you are watching tonight. He was even successful in convincing several players to return to the U.S. after playing in Canada.

Welcome!

It is our very distinct pleasure to welcome you to the Metro Ice Sports Arena and the 1994 USA Hockey National Junior "A" National Championship Tournament.

We sincerely hope you have a pleasant visit while you are in our community. If there is anything we can do to help make your stay more enjoyable, please ask any of the tournament workers. They will be glad to help give you directions, suggestions and other information about the central Iowa area.

The Des Moines Buccaneers franchise and the Metro Ice Sports Arena are operated by the Greater Des Moines Ice Sports Association (GDMISA). Our association is made up of hundreds of volunteers across Polk county who love ice sports. Their dedication and hard work have made it possible for us to host this event.

GDMISA membership includes supporters from the Amateur Youth Division, High School Hockey, Des Moines Figure Skating Club, the Senior Men's League, Public Skating, the Drake University Hockey Club, as well as the Buccaneers.

In addition to providing this rink for member groups, many hours of ice time are dedicated to providing recreation for many of our area's disabled citizens. Players from the Buccaneers devote several hours each week of the season to instructing these less-fortunate individuals as they enjoy the fun of ice skating.

Our main focus of GDMISA is to provide the best skating facilities possible for as many individuals possible. By your attendance at this tournament, you are helping us meet our goal.

And speaking of goals...if you are from one of our competitors, we wish you and your team the best of luck...up to a point, of course!

THIS IS USA HOCKEY

USA Hockey, Inc., is the National Governing Body for the sport of ice hockey in this country. As such, its mission is to promote the growth of ice hockey and to provide the best possible experience for all participants in the United States by encouraging, developing, advancing and administering the sport.

Headquartered in Colorado Springs, CO, USA Hockey is the official representative to the United States Olympic Committee (USOC) and the International Ice Hockey Federation (IIHF). In this role, USA Hockey is responsible for organizing and training teams for international competition, whether it be a world tournament or the Olympic Winter Games. It also coordinates activities with other national ice hockey federations around the world and, closer to home, works with the National Hockey League (NHL) and the National Collegiate Athletic Association (NCAA) on matters of mutual interest.

USA Hockey is divided into 11 districts throughout the United States. Each district has a Registrar to register teams, a Referee-In-Chief to register officials and organize clinics, a Coaching Program Director to administer educational programs for coaches, and a Risk Manager to oversee liability and safety programs.

For the player, USA Hockey conducts annual regional and national championships in various age classifications, sponsors regional and national player development camps at the United States Olympic Training Centers and other suitable facilities, studies and makes recommendations for protective equipment, distributes Hat Trick, Playmaker and Zero Club awards and provides an excellent insurance plan.

For coaches and officials, USA Hockey conducts clinics and produces training manuals and films through the Coaching Education Program and the Officiating Program. These programs enrich the knowledge of either a coach or official through careful study, training and examination. USA Hockey also promotes uniformity in playing rules and their interpretations.

USA Hockey has not forgotten parents either, supplying these vital members of amateur hockey with a "Parent's Introduction To Youth Hockey" brochure, which includes tips on buying equipment, rules of the game, the role parents should play, and much more.

USA Hockey also produces American Hockey Magazine, published nine times a year. The main communication vehicle for USA Hockey, American Hockey Magazine is sent to every registered member of the organization as a benefit of membership.

Finally, USA Hockey acts as a clearinghouse for information to assist local organizations in finding solutions to problems at the grass roots levels, and annually publishes an "Official Guide" of the USA Hockey By-Laws, Rules and Regulations, Board of Directors, Officers, Affiliate Associations and Staff.

To All Competitors:

Congratulations on reaching the final step in the USA Hockey National Championship competition. We know that each of you has practiced and worked hard for many hours to attain the success demonstrated by being here.

During the past season, we are sure that you have learned more about the sport of ice hockey, about team play and about yourself. And, most importantly, we hope that you have enjoyed your experience in the game.

Good luck in this year's championship, and continued success in the many years ahead.

Yours truly,

USA HOCKEY

Dear Junior Hockey Fans All:

It is my privilege, on behalf of the entire U.S.H.L., to extend a special welcome to our friendly competitors and fans from the North American Junior Hockey League to this years Junior "A" National Championship Tournament.

This year, our host franchise, is the Des Moines Buccaneers in their newly refurbished building. Since Des Moines entered the United States Hockey League, it has been one of our stronger franchises, both on and off the ice. The strength of that commitment is evidenced in the remodeling that has been done to their building, which has produced 24 consecutive sell-outs during regular season U.S.H.L. competition.

We look forward to the new addition to this year's annual tournament, the All Star Game to be played on Friday evening. While the teams in competition will get a rest, performers from other U.S.H.L. teams will get an opportunity to showcase their talents as they take on the All Stars from the Minnesota Junior League, the Northeastern Hockey League, and the Metropolitan Junior Hockey Association. It promises to be a fun and entertaining evening.

The qualifying games have been played, the arrangements have been made, the miles have been traveled to get here -- so let's sit back and enjoy what promises to be the most exciting competition at this level of hockey during this past season.

Yours in Hockey,

UNITED STATES HOCKEY LEAGUE

Here's What Those Referee Signals Mean...

It looks like a zebra doing aerobics...

BOARDING Pounding the closed fist of one hand into the other. Called for driving opponent into boards. 	HOLDING Clasping the wrists in front of the chest. Called for using hands on opponent or his equipment. 	SLASHING Chopping with one hand across the opposite forearm. Called for swinging stick at the opponent. 
CHARGING Rotating clenched fists in front of chest. Called for taking more than 3 strides before checking opponent. 	INTERFERENCE Crossed arms in front of chest with fists closed. Called for having contact with opponent not in possession of puck. 	SPEARING A jabbing motion with both hands in front of the body. Called for using the stick like a spear. 
CROSS CHECKING A forward and backward motion with fists extending from the chest. Called for hitting opponent with both hands on the stick & no part of stick on the ice. 	HOOKING Tugging motion with arms, as called for using stick or blade to hook opponent. 	TRIPPING Strike the right leg with the right hand below the knee. Called for using stick, arm, or leg to cause the opponent to trip or fall. 
DELAYED CALLING OF PENALTY Referee extends arm and points to penalized player until penalized team regains possession of puck. 	KNEEING Slapping the knee with palm of hand. Called when using knee to impede opponent. 	WASH-OUT Both arms swung across the body with palms down. When used by the referee, it means goal disallowed; by the linesmen it means no off-side or icing. 
ELBOWING Tapping the elbow with the opposite hand. Called when using elbow to impede opponent. 	MISCONDUCT Place both hands on hips. Called for various forms of misconduct or when a player incurs a second major penalty in a game. 	UNSPORTSMAN-LIKE CONDUCT Use both hands to form a "T" in front of the chest. 
HIGH-STICKING Holding both fists, clenched, one above the other at the side of the head. Called for carrying stick above shoulder against opponent. 	ROUGHING A thrusting motion with the arm extending from the side. Called for engaging in fisticuffs or shoving. 	ICING Linesmen's arms folded across the upper chest.

WHERE THE ACTION IS...

Count on the Bucs for action!

**The Des Moines Buccaneers...
the 1994 USHL Anderson Cup Regular Season Champions!**

The Bucs came back with two goals in the third to force overtime for the victory in Omaha on March 6, 1994.

Buc goalie Jeff Blashill stands guard as Alternate Captain Bobby Clouston takes the draw against the Kalamazoo centerman at the 1993 National Tournament in Indianapolis.

18 Dan Davies

Forward
6'2" 185 lbs. 12-10-74
Sioux City, IA

Dan came to Des Moines in January, after a stint with the Bellingham in the British Columbia Jr. League. He was no stranger to the Des Moines ice surface, however, having played his high school hockey the Sioux City Metros in the Iowa High School Hockey League.

19 Aystyn Kryzer

Forward
6'0" 175 lbs. 7-24-74
Afton, MN

This former St. Paul Vulcan came to the Bucs in an early season trade. Des Moines sent Tryg Sarsland to the Twin Cities in exchange for this explosive scorer. Aystyn caught fire during the playoffs. He scored winning goals in half of the Bucs' first and second round victories.

GO BUGS!...

The Heartbeat of Des Moines Hockey!

Many fans that attend Bucs games think that its nearly impossible to shoot the puck through the tiny opening in the goal during our Crescent Chevrolet Shoot-For-The-Chevy contest.

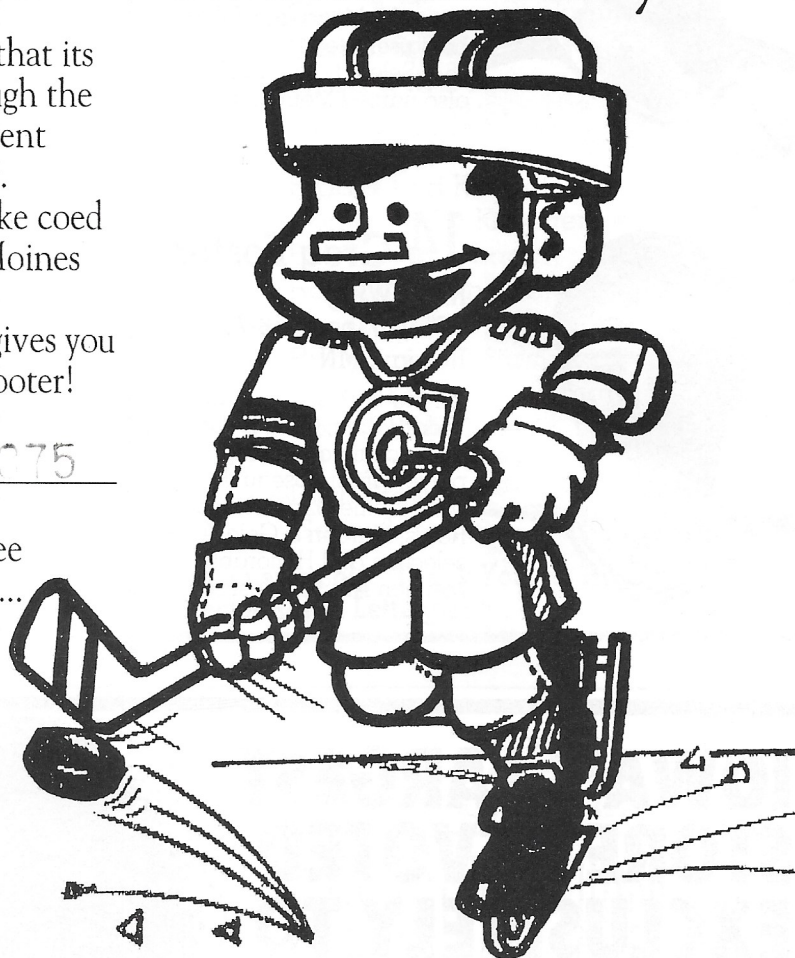

But, it can be done... and it was! A Drake coed won a new Chevrolet right here in Des Moines at the Metro Ice Sports Arena.

Each Lucky Number Program you buy gives you one more chance to be the next lucky shooter!

YOUR LUCKY NUMBER IS 000075

Listen for your number to be drawn for free prizes listed in this evenings line up sheet... and a chance to shoot for a new GEO, courtesy of Crescent Chevrolet!

Shooters will be selected at random from holders of Lucky Number Programs. Current or Professional hockey players, and current or former high school varsity hockey players who have played at a level in the past five years are not eligible to participate.

The Hockey Song (Sing along!)

Hello out there, we're on the air.
It's hockey night tonight!
Tension grows, the whistle blows
And the puck goes down the ice.
The goalie jumps, the players bump
And the fans all go insane.
Someone roars, Bobby scores!
At the good ol' hockey game ...

Refrain:

*Oh, the good ol' hockey game
Is the best game you can name;
And the best game you can name
Is the good ol' hockey game.*

Second period.

Where players dash, with skates that flash
The home team is behind.
But, they grab the puck, and go bursting up
And they're down across the line.
They storm the crease, like bumble bees
They travel like a burning flame.
We see them slide the puck inside.
It's a one-one hockey game ...

Refrain...

Third period, last game of the playoffs, too.

Oh, take me where, the hockey players
Face off down the rink.
And the Stanley Cup is all filled up
For the champs that win the drink.
Now the final flick of a hockey stick
And a one gigantic scream ...
The puck is in, the home team wins!
The good ol' hockey game ...

Thanks to you... it's working!

The Board of Directors of the Greater Des Moines Ice Sports Association wishes to thank all of our supporters who generously designated a portion of their United Way contributions to support our programs here at the Arena. Each year many underprivileged children, as well as mentally or physically handicapped citizens, enjoy skating on our indoor rink. This is another community service that we are happy to be able to provide to the people of Polk County.

If you know of an organization that would like to make use of our facilities, or if you'd like to know more about how you can help support these efforts, please contact the Arena office at 278-9757.

And, once again...thanks!

It all begins with GDMISA

The Greater Des Moines Ice Sports Association, of which the Buccaneers are a member, was formed by an enthusiastic group of ice sports lovers a decade ago to ensure that there would always be an indoor arena in the Des Moines area. GDMISA, or "Guh-dim-sa" as it's called, is made up of these diversified user groups: Amateur Youth and Senior Men's Hockey, the Des Moines Figure Skating Club, High School Hockey Clubs, and Drake's Hockey Club.

GDMISA is a non-profit organization and, unlike rinks in most other large communities, our rink is not publicly funded. It stays open year after year through the efforts of GDMISA members and area businesses who have offered such wonderful support. The member groups, through GDMISA, "own" the Buccaneers franchise. It is their largest single source of income. That's how your support of the Bucs is also support for the youth of Polk County.

The new interior look of the Metro Ice Sports Arena is the latest step in GDMISA's commitment to provide quality ice skating facilities for greater Des Moines. These facilities are used not only by our member groups but also by the community at large, including our award-winning program for the handicapped and the Special Olympics.

Young figure skaters, and tyke hockey players who are scarcely old enough to walk, skate here. And you can skate here, too. There are public skating sessions every weekend. Great exercise. . . and great fun!

With the renovations to the Arena that you are enjoying this evening, your support is needed more than ever. For more information about GDMISA and all the activities at the Arena, contact the office at 278-9757.

Come on out and join us!
